MEDICATION: None

APPLICATION:

Kalmbach 38% Dry Cow Performer is a 1.0 lb. inclusion rate product designed to meet the trace minerals and vitamins requirements of dry cows and bred heifers.

FEATURES:

- 38% protein from vegetable and animal sources
- High levels of vitamins A, D and E.
- Fortified with Availa-4 organic trace minerals.
- 50% of selenium provided by Organic Selenium
- High level of selenium (5 mg) when fed at the recommended rate.
- High level of magnesium

BENEFITS:

- Multiple protein sources enhance amino acid profile of feed.
- High quality bypass protein sources provide a readily digestible form of protein high in methionine content.
- Vitamin A is necessary for normal reproductive tissue function and proper anti-oxidant status.
- Proper vitamin E status enhances immune function and animal health.
- Availa-4 is a highly available source of organic zinc, manganese, copper and cobalt.
- Proper selenium status enhances immune function and animal health.
- High level of magnesium keeps the Potassium:Magnesium ratio within the proper range and helps prevent the occurrence of hypomagnesemia (low blood magnesium).

FEEDING DIRECTIONS:

For best results, feed 1.0 lb. of Kalmbach 38% Dry Cow Performer per head per day beginning at dry-off and through date of calving.
