

Food Plot Seed

Annuals

Spring Plant

Provides Cover and Food

22 lb Bag

Annual Wildlife Mix #AWM22

- A mix of annuals: hybrid sorghum, forage peas, brown millet, sunflower, buckwheat and soybeans
- Provides cover and food for turkeys, quail, pheasants and deer alike. Deer LOVE sunflowers and sorghum!
- Different maturity dates makes this mix attractive over a long period of time
- Plant annually in the spring after the danger of frost

This combination of seed grows and ripens at different rates providing a long-term food source for your deer, favorite game birds, songbirds and other wildlife. In addition to food, this plot also provides a thick, protective winter cover when planted at the prescribed rate.

Ideal For Texas and Other Southern Climates

20 lb Bag

Brush Country Buffet #BCB20

- A nutritious natural mix of clovers, rye's, turnips, brassicas and other nutritional attractants

Perfect mix for dry, arid climates like Texas and the deep South. You can't go wrong with this mix. Plant in the spring and watch it take off! Deer will love munching on this high energy plot.
